Dear Greg,

I was not planning to attend this meeting, given we met last week with ARC. I was joined by Enrique, Angeles, and Dusty in the conversation with Bob Genovese and his team. I'm sorry if I've contributed to a misunderstanding about this week, but am available at a few breaks during the day today if needed.

Kind regards,

Alexis

Alexis and Enrique,

Just a couple of quick items:

First, I wanted to ask if you were still planning on attending the Anaconda meeting with NDEP, BLM and ARC today. That was NDEP's understanding based on our discussion in December and I think it would be helpful for you to be there to help frame the discussion.

Secondly, I am forwarding the attached NDEP extension request letter related to the proposed CERCLA 108b rule making for your awareness. I had a good discussion with Barnes Johnson on this matter when he visited Tronox (Henderson perchlorate) in early January. I recognize this is an effort headed up by HQ, but to the extent Regions are part of the discussion (or should be), Brad and I thought it would be helpful for you to understand Nevada's position.

Thanks,

Greg
